

A circular inset image showing a professional office environment. In the foreground, a wooden conference table is cluttered with laptops, notebooks, and a coffee cup. A man in a grey blazer stands in the background, gesturing towards a whiteboard. Other team members are seated around the table, focused on their work.

Ecommerce Partnership Assistant/ Specialist

location: Szczecin (Więckowskiego)

We're looking for someone from our team who wants to grow in marketplace sales and reseller partnerships. If you already know our products and processes, want to see e-commerce from the partner side, and enjoy working with data, we'd like to hear from you.

What the department does:

- We drive sales of our products outside our own shops, through marketplaces and resellers

Your responsibilities:

- listing and creating products on partner platforms,
- adapting our content to partner requirements through mappings,
- creating and running marketing campaigns on partner sites,
- joining partner calls and helping shape sales strategies,
- working closely with almost every department in the company.

What we expect:

- English at B2/C1 level,
- intermediate Excel skills,
- logical thinking and the ability to spot patterns in data,
- using AI tools efficiently in your daily work.
- What you gain:
- a new development path in e-commerce and partner management,
- work with major sales platforms across many countries,
- a direct impact on sales outside our own shops.

What you gain:

- a new development path in e-commerce and partner management,
- work with major sales platforms across many countries,
- a direct impact on sales outside our own shops.

Please send your CV in English to: hr@beliani.com

Thank you for your interest in our job offer. Please note that we will only contact selected candidates who best match the role.
